

24th Annual Portland Adult Soapbox Derby

2023 Sponsor Packet

Derby Day: Saturday, August 19, 2023

About Soapbox Life

Where Community, Art &
Science Collide

26 years ago this August, a cadre of Portland's finest citizens chose to take their differences to the higher court of Mt. Tabor to find

out who could build a car that would work best with earth's greatest law - gravity. These people, who had profound skill and an almost complete disregard for rules, regulations and safety, created the truly "Portland" event called the Portland Adult Soapbox Derby. Since our inception, in 1997, the race has brought together Portland's most creative and industrial minds to partner in making science and art cars to compete against their neighbors. This diverse community of like-minded folks, make up the city's greatest summer event, held on the third Saturday of August.

As times have changed, so too has Portland and the race that bears its name. As of 2018 we have become full-fledged 501(c)(3)! Aside from the legitimacy this classification brings, what it means to you, is that your sponsorship will be tax deductible. Many things have changed, but one thing that has remained constant is support of sponsors who make the derby possible year after year.

volunteer@soapboxracer.org

With your sponsorship it will also allow the newly created PASD board to hold the adult race while

continuing our efforts to repave and update the Mt. Tabor Kid's Soapbox track that has been decommissioned since the 50's. We want future generations of Portlanders to enjoy Mt. Tabor and Soapbox like we do.

A small part that we can do for our beloved volcano is to have our yearly "Brush Clean-Up Crew" where 20+ volunteers come out to do an invasive flora clean up. We pride ourselves in LOVING our Mt. Tabor! It's a "Thank You," for allowing PASD to flaunt our gravity races for over 20 years.

Please feel free to email with any questions, opportunities or suggestions, we'd love to hear from you. We invite you to come and support our/greater Portland community!
